

Please write an essay (in 400 - 500 words) outlining how you feel you can benefit from completing your education at **XXX school**, and what you feel that my do for you, your family and your Community: Attach with a separate piece of paper.

Girls Matter is a non-profit foundation set up to support girls in developing countries complete their education, and give them the opportunity to give back to their communities, have a career, and contribute to the GDP of their country. We know there are many girls that could benefit from this sponsorship, however we cannot help everyone, this application will be assessed and considered for sponsorship on the basis of the most need with the most potential being factored into our decision making. We thank you for taking the time to apply for our sponsorship.

I am Kooba Florence 17 years of age and am the first born in the family of two boys and three girls.

I am have been studying from Bishop Secondary School.

I want to be a clinical doctor because in our community there is no girl who has been qualified in that field and earn so much to become one.

And to become a social worker you do more of community work, I also like that. I will be grateful for assistance towards my ~~Education~~ work.
